

Our Technology Education Series continues
Please join us for our 2nd iPad Education Night

Apple iPad: Content, Content, Content

The evening will begin with a brief overview of basic iPad functionality. The focus of the discussion will be the review and demonstration of iPad apps designed to enhance learning for special education students with autism. We will feature specific apps that have been successful in our technology course, as well as many recommended apps in categories including academics, language and literacy, social and life skill development, organization and communication.

** Whether you are new to the iPad, or use one daily, join us for an informative session that will assist anyone working with a person with autism to present content more creatively*

Date: Monday, March 12th, 2012

Location: Northampton Library

25 Upper Holland Rd

Richboro, PA 18954

Time: 7:00pm - 8:30 pm

There's an app for that

Space is limited so please RSVP as soon as possible if you plan to attend. Send your response to:

kvelocci@autismcaresfoundation.org

Karen Velocci, Technology Director and Presenter

- * Parents, Caregivers and Professionals Welcome*
- * Feel free to pass this along to anyone you think might be interested*
- ** This is a continuation of our iPad Education Program but attendance at our first seminar is not a prerequisite for enrollment*
